

CloudTouch™

Web Enabled Time Clock

Power of the cloud with the touch of a finger...

Now you can easily record and manage employee time and attendance with the touch of a finger. Lathem's new CloudTouch time clocks have a modern 7"

LCD touch screen interface that

allows employees' to clock in & out, check their totals, change departments, add amounts, and more. The CloudTouch Model CT72 captures your employees time with a state-of-the-art biometric fingerprint sensor or proximity badge card reader. Supervisors can easily manage daily timekeeping requirements at the clock as well. Adding employees and editing punches are easy, and just a few of the many features available. CloudTouch time clocks have built in WiFi, so data is sent in real time to Lathem's PayClock time & attendance cloud-based software, where you can access and manage employee time card info at anytime, anywhere, via your secure web portal account.

Enable Employees

IDENTIFICATION

10:08 AM

123456

Enter PIN or present credentials

1	2 ABC	3 DEF
4 GHI	5 JKL	6 MNO
7 PQRS	8 TUV	9 WXYZ
<	0	OK

PIN Entry

You decide which employees and supervisors can use a unique PIN number in lieu of, or as a back up to, badges or biometric identification.

JOHN DOE

8:02 AM Punch IN Accepted

12:35 Total Hours
As of 06/08/2015 at 8:02 AM

See Your Supervisor

Employee Hours

The punch confirmation screen shows the employee the time they punched in/out, their total worked hours for that period and even messages from their supervisor.

DEPARTMENTS - John Doe

Assembly	Customer Service	Die Cutting
Electronics	Fabrication	Janitorial
Manufacturing	Printing	Purchasing
Reception	Refurbishing	Shipping

Transfer Depts

Employees can easily choose from a customizable list of departments that automatically set the proper hourly pay rate.

Biometric Finger Reader Quick Features

Full Color 7" Touch
Screen Terminal

Proximity Badge and
Key Fob Reader

Auto-update Technology
(via USB port or Internet)

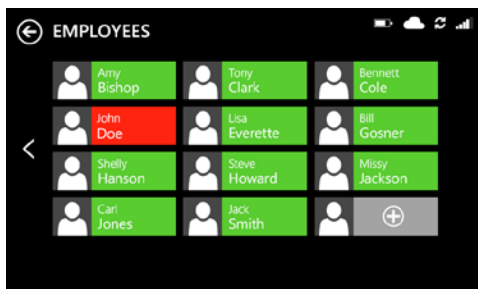

Optical Finger Sensor

Built To Work In The Cloud With Offline Backup!

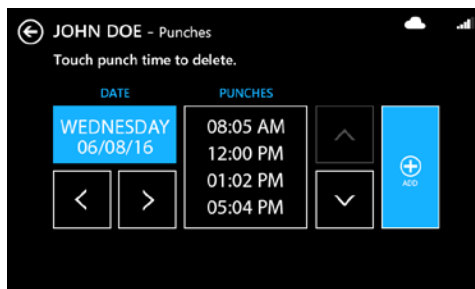

The CT Series shares data in the cloud instantly, for anytime, anywhere access using your existing WiFi or Ethernet internet connection. Rest assured that your data is secured and operation is seamless even when access to the internet becomes unavailable. The CT Series automatically senses internet availability and switches to offline mode during disruptions, still allowing full employee functionality, and storing those transactions in memory until the connection becomes available again.

Empower Supervisors

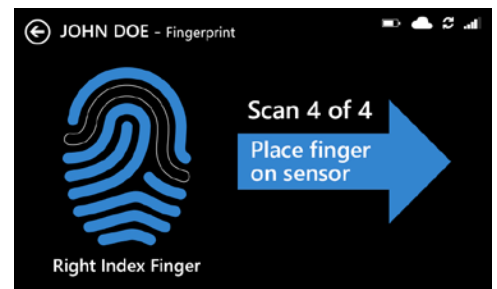

View In/Out Status

Supervisors can quickly see who is in and who is out. Green indicates in and red indicates out.

Add/Edit Punches

The easy to use interface allows supervisors to add, delete or edit punches right at the terminal

Enroll Fingerprints on the CT72

The fingerprint enrollment wizard allows supervisors to add employees fingerprints in less than 30 seconds.
