

Face Recognition

Time & Attendance and
Access Control

PayClock Online
Compatible

Simply look and go.

A complete time and attendance system that uses face recognition technology to instantly identify users. These time clocks provide a touch-free, hygienic alternative to fingerprint and hand readers, while still eliminating "buddy punching" and the need for cards or badges. Users simply look at the device and within seconds they are identified and clocked in for work.

Patented Incline Design

FaceIN™ COMPARISON

The FaceIN system can be purchased with two different time clocks. The FR650 and the FR700.

A Comprehensive Face Recognition System

Full Color 3.5" Display

Touch Sensing Keypad

Dual Camera System

USB Flash Drive Port

Proximity Badge Reader*

Access Control Relay*

Infrared LED Lights

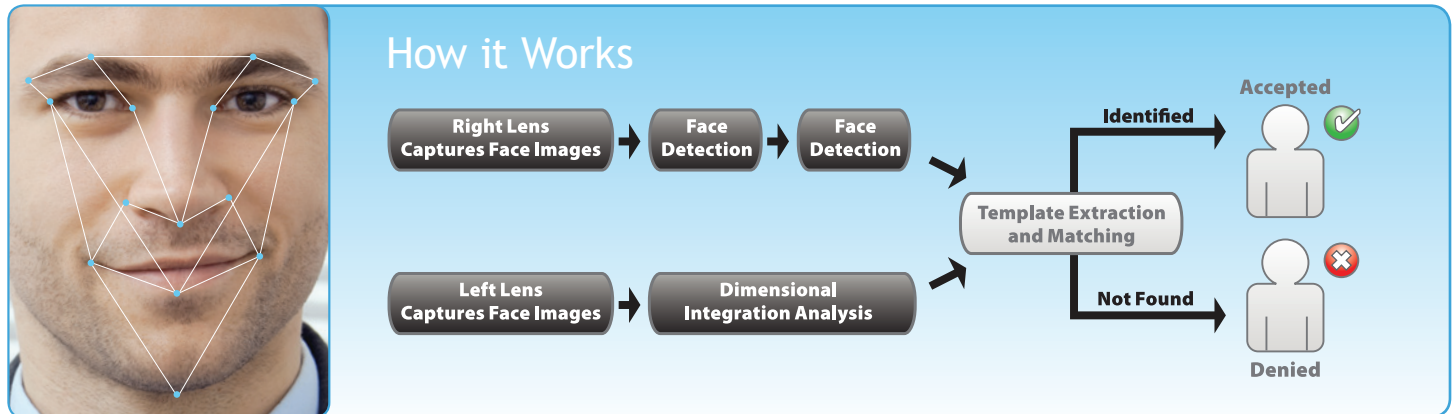

Ethernet Network Port

*The Proximity Badge Reader and Access Control Relay only available on the Model FR700.

Advanced Face Recognition

Precision Dual Camera System

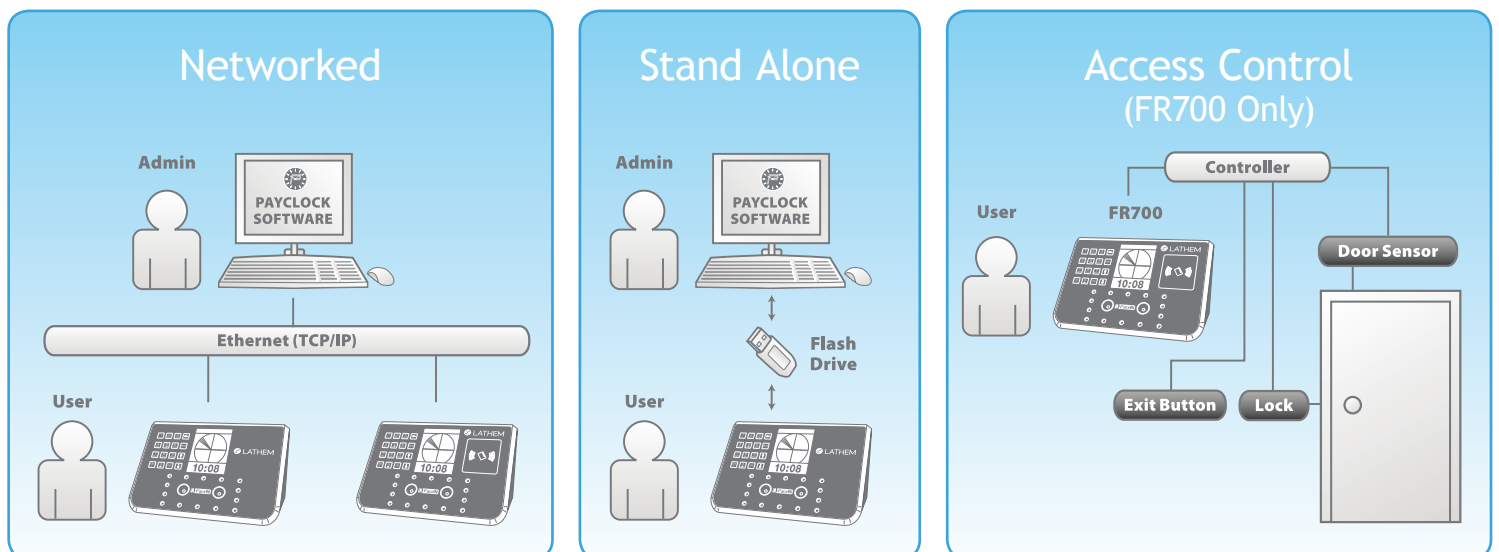

The FaceIN System uses two infrared cameras that perform three dimensional facial analysis and identification. The dual camera system not only provides the fastest and most reliable verification, but it also ensures that it can't be fooled by 2D images or photographs. This precision 3D verification system is even accurate enough to differentiate between identical twins.

Powerful FaceIN System Features

- Uses fool proof face recognition technology to instantly identify employees
- Provides a touch-free hygienic alternative to fingerprint and hand readers
- Eliminates “buddy punching” and the need for cards and badges
- Uses a standard Ethernet connection to your existing computer network
- Includes powerful desktop software for editing, running reports and exporting to most popular payroll software including QuickBooks®
- **The FR700** includes a built-in dry contact relay for optional physical access control, a proximity reader and a 100 base employee capacity.

Versatile System Configuration

FaceIN Specifications

Record Capacity	150,000 Time Records
Imaging System	Infrared Dual Cameras
Verification Methods	Face, PIN & Face
Verification Speed	Less than 1 second
Keypad	4 x 4 Touch Sensitive (Capacitive) Keypad
Display	3.5 inch TFT color LCD, 65,000 colors, 320 x 240 resolution
Communications	Standard TCP/IP, USB Host
Power	12V DC, 1A Transformer: 100-240V 50/60 Hz 0.35A
Environment Light	0-5,000 Lux
Sensor Distance	1 – 2.5 feet
Operating Temperature	32°F – 104°F
Operating Humidity	20% – 80% RH Non-Condensing
Size	7.25"W x 5.25"H x 3.5"D
Weight	1.15 lb.
Installation Method	Wall Mount

FR700 Additional Specifications

Verification Methods	Face, Badge, PIN & Face, Badge (with image)
Image Memory	4GB SD Card
Badge Reader	EM or Mifare Card
Security Alarm	Tamper Alarm
Output for Access Control System	Standard Wiegand 26/34, Built-in relay

Time & Attendance Software

The FaceIN system includes powerful desktop software for editing punches, running reports and exporting payroll. When you upgrade to PayClock Online you get complete workforce time and attendance management with more powerful features and flexibility. Never install or maintain software. PayClock Online is web-based so you can manage employee time & attendance from any location and at any time. Capture, edit and seamlessly integrate your workforce time and attendance data into payroll systems such as ADP, QuickBooks, Paychex, etc., from anywhere with additional mobile functions for both supervisors and employees included for free.
