

Time & Attendance Simplified

TIME & ATTENDANCE SOFTWARE

PayClock. Cloud-Based Time & Attendance Software

Now you can manage employee time and attendance from anytime and anywhere.

All you need is a web browser and an internet connection to capture, edit and seamlessly integrate your workforce time and attendance data into payroll. Imagine the possibilities.

Lathem's cloud based time and attendance software allows you to manage employee time sheets, calculate labor hour totals and export for payroll processing while out of the office, at home, business travel or even on vacation! You can give employees options to clock in/out using Lathem automated time clocks and record punches on mobile devices using the included PayClock app. Employees and supervisors can have on-demand access to view time sheet info; current in / out status; total hours; benefit time; as well as send and approve time off requests and much more!

Employee Time Clock System

Anytime. Anywhere.

Never any software to install or maintain. Runs on Lathem servers in the cloud.
Data is secured and backed up daily by Lathem.

PayClock

Proximity Badge Time Clock

Easily record and manage employee time and attendance with the wave of a badge. Lathem's new PCPROX time clock has a modern 7" LCD touch screen interface that allows employees' to clock in & out, check their totals, change departments, add amounts, and more. Supervisors can easily manage daily timekeeping requirements at the clock as well. Adding employees and editing punches are easy, and just a few of the many features available. The PCPROX has built in WiFi, so data is sent in real time to Lathem's PayClock time & attendance cloud-based software, where you can access and manage employee time card info at anytime, anywhere, via your secure web portal account. The system requires a subscription to Lathem's PayClock online software.

A Model PCPROX Proximity Badge Time Clock System

- 7" capacitive touch screen employee and supervisor kiosk application.
- Employees can clock in/out using the proximity RFID card reader.
- Uses Ethernet, POE (Power-over-ethernet) or WiFi communication with encryption.
- Supports 1,000 employees & includes a built-in dry contact relay for bell ringing.
- Employees and supervisors can perform functions like entering tips, checking benefit time balances, and many more..
- **Requires subscription to PayClock Online** web-based time and attendance.
- Size: 5.38" W x 3.63" D x 12" H 1.6lbs. ABS Plastic Case.

| ITEM# | DESCRIPTION |
|----------|---|
| PCPROX | Touch Screen, Built In Relay & Badge Reader |
| RF-BADGE | Proximity Badges (pack of 15) |
| RFKEY-5 | Proximity Key Fobs (pack of 5) |

PCFACE

PayClock

Face Recognition Time Clock and Access Control System

FaceIN® biometric time clock system is a complete time and attendance solution that uses contactless optical face recognition technology to instantly identify employees. FaceIN time clocks provide a touchless, more hygienic alternative to other biometric systems, while eliminating “buddy punching” and the need for cards and badges. Employees simply look at the clock and within seconds they are identified and clocked in for work. FaceIN uses a standard Ethernet connection to your existing computer network. The FaceIN model PCFACE also includes a built-in dry contact relay providing optional secure door access control to admit employees into secure interior locations. The system requires a subscription to Lathem’s PayClock online software.

Model PCFACE Face Recognition System

- Uses fool proof face recognition technology to instantly identify employees.
- Provides contactless hygienic alternative to fingerprint readers.
- Eliminates “buddy punching” and the need for cards and badges.
- WiFi, Ethernet, or POE connection to your existing computer network.
- Supports 1,000 employees & includes a built-in dry contact relay for access control.
- PCFACE has two infrared cameras and three dimensional face recognition technology in addition to the 7” Touch Screen and Proximity badge reader.
- **Requires subscription to PayClock Online** web-based time and attendance.
- Size: 5.375” W x 3.625” D x 12” H 1.6lbs. ABS Plastic Case.

| ITEM# | DESCRIPTION |
