Weight	1.4 lbs. (0.64 kg.)
Power	Terminal input: 12V @ 1A Wall adapter input: 100–240V, 50–60Hz 0.5A

PayClock® Software

The PC600 time clock kit comes with PayClock desktop software for managing employee time and attendance. When you upgrade to PayClock Online you get complete workforce time and attendance management with more powerful features and flexibility. Never install or maintain software. PayClock Online is web-based so you can manage employee time & attendance from any location and at any time. Capture, edit and seamlessly integrate your workforce time and attendance data into payroll systems such as ADP, QuickBooks, Paychex, etc., from anywhere with additional mobile functions for both supervisors and employees included for free.
