WARNING

This equipment has been tested and found to comply with the limits for a Class A digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at his or her own expense.

Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This digital apparatus does not exceed the class a limits for radio noise emissions from digital apparatus as set out in the radio interference regulations of the Canadian department of communications.

Le présent appareil numérique n'émet pas de bruits radioélectriques dépassant les limites applicables aux appareils numériques de classe a prescrites dans le règlement sur le brouillage radioélectrique édicté par le ministère des communications du Canada.
INTRODUCTION

Features
Main applications: Payroll/job cost recorder or time stamp

- Tru-Align™ Printing
- Internal Light
- Quartz time clock
- Dot matrix printer
- Perpetual calendar
- Automatic daylight saving time
- 4-way print activation
  - Automatic
  - Semi-automatic
  - Manual
  - Tru-Align
- Prints in 4 languages
- 12 or 24-hour format
- Regular minute, 1/10, 1/100 or 5/100 of an hour
- 2 or 4-digit year imprint
- 13 preprogramed comments
- Digital LCD display (Date, Hour, Minute, Day of the week indication)
- Adjustable print position
- Prints seconds
CAUTION

Avoid placing the unit in environments that are:

- humid or dusty.
- exposed to direct sunshine.
- subject to frequent or continuous vibrations.
- outside the temperature range between -5°C and 45°C (+23°F and 113°F).
- affected by chemicals or ozone.

Place the time clock close to the wall outlet so that it is easily accessible to disconnect.

Do not put a heavy object on the clock, or not forcefully press the cover of the clock. It may cause mechanism trouble and danger especially when the unit is hung on the wall.

Lithium battery contains perchlorate material - special handling may apply. Please go to website http://www.dtsc.ca.gov/hazardouswaste/perchlorate for information about proper methods of disposal.

Only use the AC adapter supplied with the unit. Using a different AC adapter may cause electrical shock or fire, or damage the unit. Do not use the AC adapter with any other unit.

ACCESSORIES

- VIS6011 - Ribbon Cartridge (Black)
- VIS6008 - Ribbon Cartridge (Purple)
- VIS6007 - Ribbon Cartridge (Red)
- E16 - Weekly TruAlign Time Cards
- 25-9EX - Time Card Rack, 9" Cards, 25 Pockets, Expanding
- Q7169-52101 - Replacement AC Adapter

For questions about the operation of this time clock, or to order supplies and accessories, please contact Lathem Time at (404)691-0400 or visit www.lathem.com.
PACKAGE CONTENTS

CONTENTS

In addition to the 1600E and AC adapter:

- User's manual
- Key
- Wall-mount fittings
- Screws (2 pcs.)
- Ribbon cassette (installed at the factory)
- Sample pack of Weekly TruAlign Time Cards

OVERVIEW

(Front view)

(Back view)

Control buttons
Print head

Wall-mount holes (Upper side)

AC adapter
Notice: Remove the Protection Pad before you plug the AC adapter into the AC outlet.

To set up your time clock, follow these steps:

**Step 1**
Unlock and remove the cover.

**Step 2**
Remove the Protection Insert, and plug the AC adapter into the time clock.

**Step 3**
Plug the AC adapter into the AC outlet and program the clock.

**Step 4**
Replace the cover, lock and insert a time card.
WALL MOUNTING

Caution: The supplied screws are intended for use on a thick wooden wall or wooden column. Do not use them on any other materials. The time clock may come off if used on other materials.

**Step 1**

Install the supplied wall-mount screws into a wall by using the template located on the inside back cover. Be sure to keep about 6 mm of the screw head away from the wall.

**Step 2**

Unlock the key and remove the cover. And then hang it on the wall.

**Step 3**

Replace the cover and lock.
HOW TO PROGRAM THE CLOCK

To enter the program setting mode, you should plug the AC adapter into the AC outlet and remove the cover. Thereafter press the SELECT button once. Then the clock goes into the program mode showing the "▲" on the display positioned at the "TIME".

Function of 3 control buttons

SELECT: You can select the desired program setting mode by pressing this SELECT button. Selected program setting mode is indicated by the "▲" mark on the display.

CHANGE: When you press the CHANGE button, you can increment the set value.

SET: You can set the value selected on the display by pressing the SET button. Thereafter you press this SET button again, you can return the clock to the normal operation mode.
IMPORTANT

This unit has been preset to perform automatic Daylight Saving Time (DST) changes. **If your location does not observe DST changes YOU MUST DISABLE DST CORRECTION before use.** (See page 24 for detailed instructions).*

About Tru-Align
The 1600E’s unique Tru-Align option ensures that employee punches are perfectly aligned on the time card. A sensor on the unit reads special markings on Tru-Align time cards and prints automatically when the card is properly aligned. This eliminates misaligned punches and overprinting of lines, and provides a clean and easy to read time card.

Tru-Align Time Cards
Tru-Align requires the use of Lathem’s special Tru-Align Time Cards. These cards contain special markings that allow the 1600E to print automatically when the card is aligned, and Tru-Align is enabled. See instructions below to enable Tru-Align. A pack of E16 Weekly Tru-Align Time Cards are included. You can purchase additional Tru-Align Time Cards online at http://shop.lathem.com.

Enabling Tru-Align
By default, Tru-Align is Off.
To enable Tru-align, follow two easy steps:
1. **Set Print Position Adjuster** – the print position adjuster on the bottom of the units must be set to the back position indicated by the label. *(See next page).*
2. **Set Print Activation** – change the Print Activation to option (4) Tru-Align. *(See page 19).*

Tru-Align Indicator
When Tru-Align is enabled, the Tru-Align indicator will display on the bottom right corner of the unit’s LCD display.

Using Tru-Align
Insert Tru-Align time cards into 1600E with leading edge containing alignment marks. The 1600E will print automatically when the card is aligned in the print cell. If the card is misaligned, adjust the card position slightly until printing occurs.
SET PRINT POSITION ON TIME CARD

The print position from the card edge is adjustable by pressing and sliding the print position button located on the right outside bottom of the recorder. Maximum distance from edge of form to print is approximately 1 3/16"(30mm) necessary for Tru-Align time cards.

Print position adjuster

The print position from the card edge is adjustable by pressing and sliding the print position button on outside bottom.

IMPORTANT: If Tru-Align is enabled you must set the print position adjuster as shown.
SETTING THE TIME

Example: Change the time from 10:08 to 10:09.

**Step 1**

Press the SELECT button and position the "▲" mark at the "TIME".
At that moment, the "Hour" flashes. (The flashing means it can be changed.)

**Change the "Hour".**
In case of the example, press the SET button because the hour is not to be changed.
At that moment, the flashing changes from "Hour" to "Minute".

**Step 2**

**Change the "Minute".**
Press the CHANGE button to set at "09", and then press the SET button.
At that moment, the "Second" starts to run from "00".

**Step 3**

After you finish setting the time, press the SET button once again.
Now the time setting has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 3, the clock will not print.
SETTING THE DATE

Example: Change the date from October 20, 2014 to October 21, 2014.

**Step 1**

Press the SELECT button and position the "▲" mark at the "DATE".
At that moment, the "Year" flashes. (The flashing means it can be changed.)

**Change the "Year".**
In case of the example, press the SET button because the year 2014 is not to be changed.
At that moment, the flashing changes from "Year" to "Month".

**Step 2**

**Change the "Month".**
In case of the example, press the SET button because the month is not to be changed.
At that moment, the flashing changes from "Month" to "Date".

**Step 3**

**Change the "Date".**
Press the CHANGE button to set at "21", and then press the SET button.

**Step 4**

After you finish setting the date, press the SET button once again.
Now the date setting has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 4, the clock will not print.
SETTING THE 12/24 HOUR

Example: Change the hour format to 24 hour.

**Step 1**

Press the **SELECT** button and position the "▲" mark at the "HOUR". At that moment, the flashing digit indicates "Order Options" of the hour format. (The flashing means it can be changed.)

<table>
<thead>
<tr>
<th>Order Options</th>
<th>Display</th>

<tbody>
<tr>
<td>1. 12 hour</td>
<td>PM 3:00</td>
</tr>
<tr>
<td>2. 24 hour</td>
<td>15:00</td>
</tr>
</tbody>
</table>

In case of the example, press the **CHANGE** button to set at "2". And then press the **SET** button.

**Step 2**

After you finish setting the 12/24 hour, press the **SET** button once again. Now the 12/24 hour setting has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 2, the clock will not print.
SETTING THE PRINT ORDER

Example: Change the print order to "Month, Date, Year, Hour, Minute"

**Step 1**

Press the SELECT button and position the "▲" mark at the "PRINT ORDER".
At that moment, the flashing digits indicate "Order Options" of the print order. (The flashing means it can be changed.)

Y=Year, M=Month, D=Date, DOW=Day of the week, H=Hour, Min=Minute

In case of the example, press the CHANGE button to set at "3". And then press the SET button.

**Step 2**

After you finish setting the print order, press the SET button once again.
Now the print order setting has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 2, the clock will not print.
SETTING THE PRINT STYLE

SETTING THE YEAR DIGIT

Example: Change the year imprint to 4 digits.

**Step 1**

Press the SELECT button and position the "▲" mark at the "YEAR DIGIT".
At that moment, the flashing digit indicates "Order Options" of the year imprint. (The flashing means it can be changed.)

<table>
<thead>
<tr>

</table>

In case of the example, press the CHANGE button to set at "3". And then press the SET button.

**Step 3**

After you finish setting the print method, press the SET button once again. Now the print method setting has been completed. Replace the cover and lock.

**IMPORTANT:** If you do not complete Step 3, the clock will not print.

**Automatic** will allow the clock to print by simply inserting a card or sheet of paper.

**Semi-automatic** will allow the clock to print by pressing the push bar only when a card or piece of paper is inserted.

**Manual** will allow the clock to print by pressing the push bar.

**Tru-Align** will allow the clock to print automatically only when Tru-Align cards are properly aligned.
SETTING THE DAYLIGHT SAVING TIME

Automatic DST correction (recommended)
By default, the daylight saving time is already set to start on the second Sunday of March and to end on the first Sunday of November. However, if you once disabled this function and want to set it again or change starting and/or ending date, please change dates as follows.
Once you reset the unit, setting of daylight saving time will return to the default value.

Example: Start date Sunday, March 8, 2015.
End date Sunday, November 1, 2015.

If you set as the above, the time clock remembers the start date as the second Sunday of March and the end date as the first Sunday of November. Once set, the time clock automatically updates the settings every year thereafter. No further manual setting is necessary.

SETTING THE STARTING DATE OF DAYLIGHT SAVING TIME

Example: Daylight saving time starts on Sunday, March 8, 2015.

Step 1
Press the SELECT button and position the "▲" mark at the "D.S.T. START". At that moment, the "Year" flashes. (The flashing means it can be changed.)

Change the "Year".
In case of the example, press the CHANGE button to set at "15". And then press the SET button. At that moment, the flashing changes from "Year" to "Month".
**Step 2**

Change the "Month".
Press the **CHANGE** button to set at "3". And then press the **SET** button.
At that moment, the flashing changes from "Month" to "Date".

**Step 3**

Change the "Date".
Press the **CHANGE** button to set at "08". And then press the **SET** button.

**Step 4**

After you finish setting the starting date of D.S.T., press the **SET** button once again.
Now the starting date of D.S.T. setting has been completed.
*Go on to the "SETTING THE ENDING DATE OF DAYLIGHT SAVING TIME".*
SETTING THE ENDING DATE OF DAYLIGHT SAVING TIME

Example: Daylight saving time ends on Sunday, November 1, 2015.

**Step 1**

Press the **SELECT** button and position the "▲" mark at the "D.S.T. END". At that moment, the "Year" flashes. (The flashing means it can be changed.)

**Change the "Year".**

In case of the example, press the **CHANGE** button to set at "15". And then press the **SET** button. At that moment, the flashing changes from "Year" to "Month".

**Step 2**

**Change the "Month".**

Press the **CHANGE** button to set at "11". And then press the **SET** button. At that moment, the flashing changes from "Month" to "Date".

**Step 3**

**Change the "Date".**

Press the **CHANGE** button to set at "01". And then press the **SET** button.

**Step 4**

After you finish setting the ending date of D.S.T., press the **SET** button once again. Now the ending date of D.S.T. setting has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 4, the clock will not print.
DELETING THE DAYLIGHT SAVING TIME SETTING

To delete and cancel the daylight saving time setting, change the display of "Month" of the starting setting to "-- ".
Example: Change March 8, 2015 of "D.S.T. START" and delete daylight saving time setting.

Step 1

Press the SELECT button and position the "▲" mark at the "D.S.T. START".
At that moment, the "Year" flashes. (The flashing means it can be changed.)

Next, press the SET button. At that moment, the flashing changes from "Year" to "Month".

Step 2

Press the CHANGE button to set at "-- ". And then press the SET button.
At that moment, the flashing changes from "Month" to "Date".

Step 3

Press the SET button again. At that moment, the flashing changes from "08" to "-- ".

Step 4

Press the SET button once again.
Now the D.S.T. deleting has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 4, the clock will not print.
SETTING THE PASSWORD

When the password is set, you are asked to enter it. If the password you entered does not coincide with the setting, you cannot change the setting values.
You may set a password by any 4-digit number from 0001 to 9998.
Note a number "0000" and "9999" cannot be used as a password.

REGISTERING THE PASSWORD

Example: Set the password "1234".

**Step 1**

Press the SELECT button and position the "▲" mark at the "PASSWORD".
At that moment, first two digits flash. (The flashing means it can be changed.)
In case of the example, press the CHANGE button to set at "12". And then press the SET button.
At that moment, the flashing changes to last two digits.

**Step 2**

In case of the example, press the CHANGE button to set at "34". And then press the SET button.

**Step 3**

After you finish registering the password, press the SET button once again.
Now the password registering has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 3, the clock will not print.
HOW TO CHANGE SETTING WHEN THE PASSWORD IS SET

Once the password is set, you have to enter the password for changing any setting. "99 99" will be displayed when you press the SELECT button before entering.

Example: Password "1234".

**Step 1**

Press the SELECT button, at that moment "99 99" is displayed and first two digits flashes. (The flashing means it can be changed.)

In the example, press the CHANGE button to set at "12". And then press the SET button. At that moment, the flashing changes to last two digits.

**Step 2**

In case of the example, press the CHANGE button to set at "34". And then press the SET button. At that moment, the " ▲ " mark indicates the "TIME".

**Step 3**

Select desired setting mode by pressing the SELECT button. Then make settings as explained.
CANCELLING THE PASSWORD

The code "00 00" must be entered to cancel the password.

Example: Cancel the password "1234".

Step 1

Press the SELECT button, at that moment "99 99" is displayed and first two digits flashes. (The flashing means it can be changed.)

In case of the example, press the CHANGE button to set at "12". And then press the SET button.
At that moment, the flashing changes to last two digits.

Step 2

In case of the example, press the CHANGE button to set at "34". And then press the SET button.
At that moment, the "▲" mark indicates the "TIME".
Step 3
Press the SELECT button and position the "▲" mark at the "PASSWORD". At that moment, first two digits "12" flashes. (The flashing means it can be changed.) Press the CHANGE button to set at "00". And then press the SET button. At that moment, the flashing changes to last two digits "34".

Step 4
Press the CHANGE button to set at "00". And then press the SET button.

Step 5
After you finish canceling the password, press the SET button once again. Now the password canceling has been completed. Replace the cover and lock.

IMPORTANT: If you do not complete Step 5, the clock will not print.
ADVANCED FUNCTIONS

RESETTING THE CLOCK
To return all setting to the factory defaults, push the reset switch with a pointed implement.

NOTICE: All your custom settings will be deleted and will revert to the factory defaults when the reset switch is pushed. To make new settings, please refer to "SETTING".

TURN LIGHT OFF / ON
Press and hold the SET button for approximately 3 seconds to toggle the internal light off and on.
REPLACING THE RIBBON CASSETTE

CAUTION: Be sure to pull out AC cord from AC outlet before opening a cover in order to replace a ribbon cassette.

**Step 1**

Unlock the key and remove the cover.

**Step 2**

Pick up the cassette and remove it.

**Step 3**

Turn the knob of the new cassette in the direction of the arrow to tighten the ribbon.

**Step 4**

Place the cassette inside the time clock as shown in the figure. Keep on pushing in the cassette until the clasps at both sides catch and you hear a "pop" sound. If it is difficult to insert the cassette, try it while turning the knob.
NOTICE: Install the cassette so that the ribbon is between the print head and the ribbon mask. Printing will not come out properly if the ribbon is placed behind the ribbon mask.

**Step 5**

Turn the knob of the cassette in the direction of the arrow to tighten the ribbon.

**Step 6**

Replace the cover and lock.
# TROUBLESHOOTING

## ERROR No. APPEARS

Refer to the following list for proper operation.

| **Weight** | Approx. 1.4 kg. (1.6 kg with AC adapter) |
| **Power consumption** | 120VAC ±10%, 60Hz, 1.2A |
| **Rating of AC adapter** | I/P: 100-240VAC 50/60Hz 1.2A, O/P: 12VDC 3A |

**NOTICE:** Use only the supplied AC adapter.
Limited One-Year Warranty

Latham warrants the hardware products described in this guide against defects in material and workmanship for a period of **one year** from date of original purchase from Latham or from an authorized Latham reseller. The conditions of this warranty and the extent of the responsibility of Latham Time Corporation ("Latham") under this warranty are listed below.

1. This warranty will become void when service performed by anyone other than an approved Latham warranty service dealer results in damage to the product.
2. This warranty does not apply to any product which has been subject to abuse, neglect, or accident, or which has had the serial number altered or removed, or which has been connected, installed, adjusted, or repaired other than in accordance with instructions furnished by Latham.
3. This warranty does not cover dealer labor cost for removing and reinstalling the machine for repair, or any expendable parts that are readily replaced due to normal use.
4. The sole responsibility of Latham under this warranty shall be limited to repair of this product, or replacement thereof, at the sole discretion of Latham.
5. If it becomes necessary to send the product or any defective part to Latham or any authorized service dealer, the product must be shipped in its original carton or equivalent, fully insured with shipping charges prepaid. Latham will not assume any responsibility for any loss or damage incurred in shipping.
6. WARRANTLY DISCLAIMER AND LIMITATION OF LIABILITY: Except only the limited express warranty set forth above, the products are sold with no expressed or implied warranties of any kind, and the implied warranties of merchantability and fitness for a particular purpose are hereby expressly disclaimed. No warranties are given with respect to products purchased other than from Latham or an authorized Latham reseller and any such products are purchased "as is, with all faults." In no event will Latham be liable for any direct, indirect, special, incidental or consequential damages arising out of or in connection with the delivery, use or inability to use, or performance of this product. In the event any limited remedy given herein shall be deemed to have failed of its essential purpose, Latham’s maximum liability shall be to refund the purchase price upon return of the product.
7. Proof of date of purchase from Latham or an authorized Latham reseller is required for warranty service on this product.
8. This Warranty grants specific legal rights. Additional legal rights, which may vary by locale, may also apply.
9. Should any difficulties arise with the performance of this product during warranty, or with any Latham authorized service centers, contact Latham Time at the address below.

Latham Time | 210 The Bluffs, Ste. 107, Austell, GA 30168 | 404-691-0400

Leave ~ 1/4” gap between wall and screw head.
See Page 5 for instructions.
